OCA FILE DCI / SSCI / IG

Director of Congressional Affairs

26 January 1988

OCA 88-0208

NOTE TO JUDGE WEBSTER:

Here are the letters concerning the Statutory Inspector General for your signature. We will handcarry them to Members immediately.

For the sake of simplicity and good politics I altered the second paragraph a bit so that all the letters read exactly the same. You may wish still to add an extra sentence for selected Members.

I considered further your question about whether Senator Specter should get the same letter. I think he should, and in fact might well be offended if he did not.

John D. Helgerson
